

PLAN YOUR JOURNEY WITH MYPLUS-TTA THIS SCHOOL HOLIDAY AND MALAYSIA DAY

Petaling Jaya, 11 September 2025:- PLUS Malaysia Berhad (PLUS) advises highway users to plan their journeys on the PLUS Highway and Lebuhraya Pantai Timur 2 (LPT2) during the upcoming school holidays and Malaysia Day celebration by referring to the MyPLUS-TTA, a digital travel schedule available via the PLUS app.

With its latest enhancements, MyPLUS-TTA is now accessible on selected peak days. It is designed to assist highway users in planning their journeys on the PLUS Highway and LPT2 during non-festive peak travel days more efficiently, helping to ensure smoother traffic flow and a more comfortable travel experience.

In conjunction with the upcoming school holidays and the Malaysia Day celebration, PLUS anticipates an increase in traffic of up to 2.2 million vehicles per day across its highway network during the peak travel days on 12 September, 13 September, 19 September and 20 September 2025.

By planning their journey with MyPLUS-TTA, highway users are expected to enjoy a smoother travel experience throughout this holiday season. For more information and to access the MyPLUS-TTA digital travel schedule, download or update the PLUS app at <https://bit.ly/3pO2PYs> for easier travel planning.

Furthermore, PLUS would like to remind all highway users to have sufficient balance for their Touch 'n Go card or eWallet (for RFID users), prior to commencing their journey on the highway. PLUS wishes all Malaysians a happy 62nd Malaysia Day and an enjoyable holiday.
