Throughout the duration of these works, the existing left lane from KM287.7 to KM288.2 and KM292.9 to KM293.3 (Southbound) at the affected areas will be temporarily closed, while the remaining two lanes will be open as usual to ensure the safety of the personnel working at the site.

Highway users are advised to adhere to all safety signage, designated speed limits and instructions from traffic personnel when passing through the area.
